ABESEWA 2026 MEDICAL MISSIONS OUTREACH

Healing Bodies, Saving Souls

MISSION OVERVIEW

In rural Ghana, a patient can travel half a day to reach a doctor. Many never do. Hernias go unrepaired for years. Cervical cancer is found too late, or never. For two weeks in October 2026, surgical and primary care teams from the United States and Ghana will work side by side at Pentecost Hospital, Abesewa, providing free surgery, treating acute and chronic illness, screening for cancer, delivering maternal and pediatric care, and dispensing medications at no cost to the patient. Abesewa 2026 seeks to build on a pilot initiative that started in 2025, in Kpassa, Oti Region of Ghana. It is designed as the second year of a permanent annual model: training local clinicians, strengthening a Pentecost Hospital that serves the community every day of the year, and leaving behind enhanced capacity, new relationships, and transformed communities.

TESTIMONIES

Healing Bodies, Saving Souls

Testimonies from People Helped at the Kpassa 2025 Health Fair

5-Day Medical & Evangelistic Mission at Pentecost Hospital, Kpassa, Oti Region, Ghana

Mr. Komla Yankamago

"I had a hernia that made it hard for me to walk, sit, and do my daily activities because of the pain. Thanks to the free surgery, I feel so much better. I am grateful for the care I received and look forward to making a full recovery."

Madam Susu Janet

"I had a painful lump under the skin on my lower abdomen that made everyday life very difficult. The doctors removed it during surgery, and I already feel a huge difference. I am thankful for this opportunity and hope to recover fully soon."

Madam Lanjo Faustina

"I had severe pain in my stomach that made it difficult to sit, stand, or even do simple chores at home. The medical team performed surgery, and I now feel much better. I am deeply thankful for the care I received and am looking forward to a healthy recovery."

OTHER WAYS TO HELP

Help offset mission costs by donating the following:

Medical Supplies

- Sutures
- Gloves
- Dressings
- Surgical instruments
- Medical equipment
- Medications (where appropriate)

Airline Miles

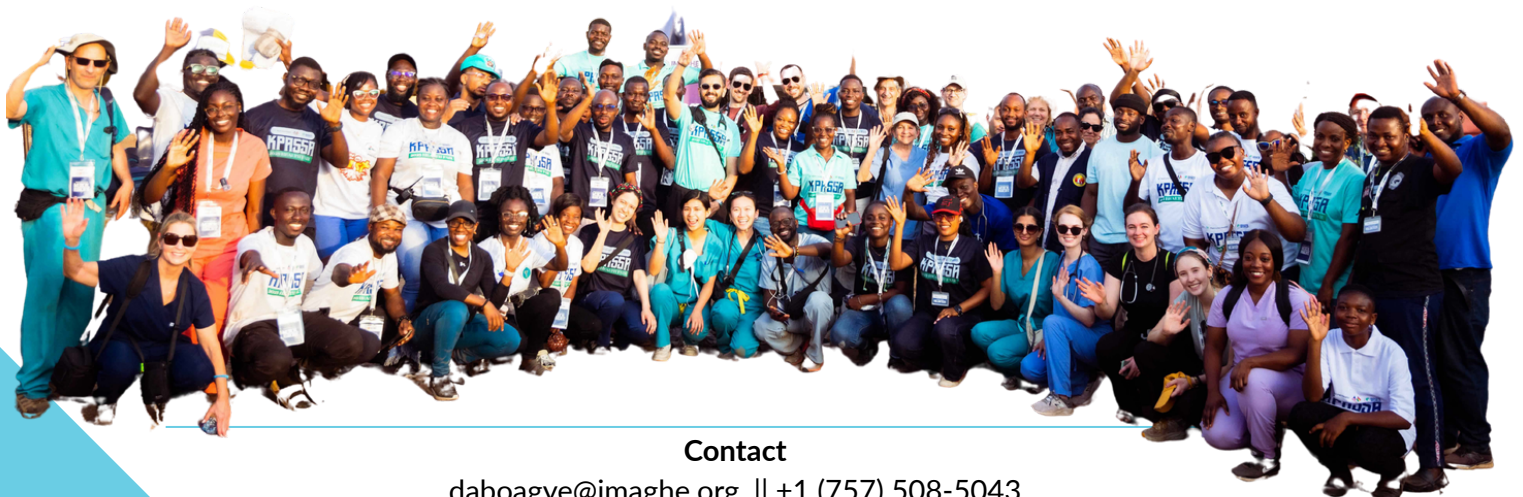

Donated airline miles.

Corporate Matching Gifts

Corporate matching: many employers will double your gift. Ask your HR office

In October, a surgeon will scrub in at Abesewa and a man who has lived with a hernia for eleven years will walk out of that theater repaired. Someone will pay for the sutures, the anesthesia, the bed, and the antibiotics. We want to partner with you and together, serve as the hands of God to make this outcome a reality for someone in desperate need.
